The term 'trauma' covers any experience or event causing acute distress and consequent dysfunction, with sometimes wide-reaching effects. Different types of trauma will be considered (in particular PTSD) with a view to recognising and responding with appropriate and effective support in both the church and the community. This day is for helpers, rather than those who've personally experienced trauma.

## FIVE-DAY COURSE

5 DAYS

### Pastoral Care in the Local Church

*Led by Stuart Pascall, Lynn Penson and the CWR Tutor Team*

Lives and communities are transformed as people feel cared for.

Come with us and explore

- **God's passionate heart for caring**

What is God's vision of caring and how can we see what He is doing in our particular communities and work with Him to turn vision into reality?

- **God's affirming call**

How is our God, the Father of compassion, shaping, affirming, envisioning and empowering each of us to play our part in His Big Story of redemption?

- **God's equipping grace**

What practical skills can we develop in order to become more effective in our care for others and avoid the risk of 'burn out'?

- **God's effective people**

How can we identify and address the pastoral care issues in our churches and communities and apply principles of good pastoral care in those settings?

Whether leading or being involved in a pastoral care team, or just exploring your pastoring gifting, this course will enlarge your vision of the church's calling to pastoral care. It will help you develop your caring skills, whether using them individually or as part of a wider team. (New content from previous course.)

**Mon-Fri 26-30 March**

**£425 Residential/£360 Non-residential**

**Early Bird Price £382.50 Residential/ £324 Non-residential (up to 13 Jan)**
